

Rishi Tea's Unity: Official Beverage of the Global Union World Music Festival

Milwaukee's 2009 Global Union World Music Festival will unite tea and music in a diverse setting that celebrates music from around the world. Rishi Tea, a sponsor of this free outdoor music festival, is thrilled to have one of its signature herbal blends, **Unity**, selected as the official beverage of the festival.

The naturally caffeine-free, organic blend of ginger, licorice, lemongrass and immunity-enhancing Ayurvedic herbs will be available in resealable 2-ounce bags featuring a special package design specific to the festival. Unity will retail for \$5, with **\$1 from each purchase benefiting Global Union** in support of diverse music and culture in Milwaukee.

Global Union takes place on **September 19–20, from 12 p.m.–5 p.m., in Bay View's beautiful Humboldt Park.** Each day will feature three eclectic live musical performances from around the world.

Sean O'Leary, Rishi Tea's Creative Director explains, "Most people do not imagine Milwaukee as a center for tea or international music, but with such a vibrant and growing community of passionate people, it's only natural. We're very excited to celebrate diverse culture, music and arts right here in our own community."
